1.2 Image Formats

ConnectCode Imager lets you produce bitmaps in several popular image formats. They include Portable Network Graphics(*.PNG), Graphics Interchange(*.GIF), Windows Bitmap(*.BMP), Tagged Image File(*.TIF;*.TIFF) and Jpeg (*.JPG;*.JPEG).

1.3 Imager Advantage

ConnectCode Barcode Imager offers many advantages to its users. It has a robust core engine that produces images of the highest quality and ensures that the barcodes are highly scannable.

EASE OF USE

ConnectCode Imager User Interface is intuitive and has almost no learning curve. Simply just key in the data and choose the desired barcode.

CUSTOMIZABLE HUMAN READABLE TEXT

ConnectCode lets you choose the font family and size for the human readable text and place it in several positions.

FLEXIBLE IMAGE OPTIONS

The width, height and resolution of the bitmap, along with image boundaries are easily customizable.
